**23
MEGA
PIXELS**

The Pana-Scan[™] Portable Stand Alone Slide & Film Scanner enables you to **quickly and easily convert your cherished slides and negatives into high resolution 23 megapixel digital images** without the need to be connected to a computer. You can show all of your precious images and memories on a TV, or email, share on social media, print and archive.

Just place your slides in the **included stack loader**, or film in one of the supplied holders, insert the holder into the Pana-Scan[™], view the images on the **3.5" LCD screen**, press the **OK** button and the images are stored on an SD memory card ready for you to use in your computer, share on social media, email, archive or view on a TV.

The Pana-Scan[™] Stand Alone Slide & Film Scanner is compatible with Windows[®] 10, 8, 7, Vista & XP Service Pack II (32 bits/ 64 bits), and MAC OS 10.5 & above. It is powered by either the included AC adapter or included USB cable attached to a computer.

The Pana-Vue[®] Pana-Scan[™] Stand Alone Slide and Film Scanner does not require any additional software or drivers to run on your computer. Just use your favorite photo imaging & editing software.
