

BOTTLE TOP POD

Do you love taking photos of friends and family but always find yourself on the wrong side of the camera, left out of the picture? Are you getting tired of stretching your arm out to get yourself in the picture, then struggling to frame it just right? Do you hate carrying a big tripod on trips, even though you need one to get just the right shot?

The Bottle-Top Pod is for you!

TAKE ANYWHERE: Beach, Hiking, Parties, Restaurants, Bars, Biking, Amusement Parks, You name it!

- ▶ *Stop stretching your arm out to get yourself in the picture!*
- ▶ *Instantly turn standard water or soda bottle into a camera tripod.*
- ▶ *Carry everywhere in your pocket, purse, camera bag, etc. Weighs just 1 ounce.*
- ▶ *Universal camera mount fits any camera with a tripod socket.*
- ▶ *Great for group photos, self-portraits, night or low-light shots.*

Benefits:

- Ball head tilts up to 15° in any direction for the perfect angle every time.
- Fits most bottles – water, soft drink, beer, wine etc.
- A perfect and easy way to get photos of the **WHOLE** family or group - with you in it!
- Works with most point-and-shoot cameras with a tripod socket.
- Works best with point-and-shoot cameras and bottles at least halfway full.
- No need to carry a cumbersome tripod.
