

E-12 Enlarging Accessories

samigon® System 7 Polycontrast Filters (For use with any variable grade black and white paper)

An economical and durable filter system for use with Kodak Polycontrast and Ilford multigrade paper. Set of 7 filters housed in individual opaque vinyl sleeves. 3" square, 1/16" thick plastic filters, range from 1 to 4 (with 1/2 increments) allowing the full range of contrast control. Filters can be trimmed with scissors to fit into the filter drawer of most enlargers. In poly bag for pegboard display.

ESA901 System 7 Polycontrast Filters

CPM/Delta Projection Print Calculator Scale

Gives perfect exposures every time. Eight pie wedges of calibrated graduated density tell you the right number of seconds after one test exposure. Saves paper and chemistry. Easy to use. 4" x 5".

ECP230 Projection Print Scale 12610

CPM/Delta 2 in 1 Cropper

Crops 5 x 7 and 8 x 10 negatives, transparencies, and prints. Black reverse for transparencies, black border viewing. Quick accurate composition in inches and centimeters.

PRO-C: 8½" x 11", 4" x 5" opening
PRO-A: 5" x 8½", 2" x 3" opening

ECP232 PRO-C 2-in-1 Cropper 22110

samigon® 2 in 1 Cropper

When a photographer has a standard print or negative and wants to enlarge it to 5 x 7 or 8 x 10, how can he tell which part of the original will fit in the new format? Simple... use the Samigon 2 in 1 Cropper.

Crops everything from 4 x 5 negatives and prints to 35mm proofs. Both inch and centimeter scales.

ESA870 Pro 2-in-1 Cropper, 8½ x 11 87A

Premier Pictrol Diffuser

Converts any lens up to 2" diameter into a variable soft focus enlarger or camera lens. Provides any degree of diffusion from razor sharp to soft mist. Eliminates retouching as well as spotting; reduces grain; improves tonal quality and is calibrated for pinpoint accuracy. No increase in exposure.

EAR021 Pictrol Diffuser PC1

Testrite Dodging Kit

Made of heavy-duty red plastic material. Rustproof plated wire and handle. Ideal for dodging work while enlarging. Complete instructions included.

ETE001 Dodging Kit DG

Testrite Vignetter, V-1

Made of heavy-duty red plastic material on stiff cardboard. Unit can be used with or without serrated edges for any desired effect and leaves are adjustable for size of opening. Complete instructions included.

ETE010 Vignetter V-1

Testrite Vignetter Wheel, V-2

Rigid plastic back and wheel has seven different size and shape openings for vignetting. Useful for all Black & White and Color enlarging.

ETE012 Vignetter Wheel V-2

Testrite Vignetter, V-3

Made of heavy gauge black plastic with 8 pre-cut 4 x 5 inserts for blocking out background while creating a design around the subject. Complete instructions included.

ETE013 Vignetter V-3
