

The Best Mats You Can Sell...

DuraCraft

- **ACID-FREE ARCHIVAL MAT BOARD**

DuraCraft mat board is pH neutral. Calcium carbonate is the buffering agent and a waterbase modified resin adhesive is used to bond the component parts of the mat board.

- **CLEAN WHITE BEVELS**

DuraCraft mats have a smooth, even-colored, pure white bevel from fine-grained, virgin-pulp core paper. The white bevel gives better 3-dimensional effects.

- **NO OVER CUTTING**

DuraCraft mats have perfect bevels, sharp corners, even reveals, and accurate openings.

- **INDIVIDUALLY SHRINK WRAPPED**

with strong backing board.

- **NO MINIMUM QUANTITIES**

Purchase what you need in multiples of one per color/size/style.

- **WIDE ASSORTMENT**

29 colors in single rectangles and ovals, 26 color combinations in double mats.

- **EXCEPTIONAL QUALITY**

DuraCraft mats are made from flawless, white, spot-free mat board which will not fade or yellow like inferior products.

- **UPC CODED WITH COLOR & SIZE OF MAT SHOWN ON CODE STICKER**

Make stocking and reordering easy.

- **GREAT PRICE**

- **HIGH PROFIT**

See pages H-2 thru H-5 for complete list of available sizes and colors.

Saflin® BENT ACRYLICS

Our Best Sellers! Crystal-clear, smooth acrylic is the only material Saflin® uses for our acrylic frames. Each frame features a full back and fired edges for a smooth, clean, modern look. Individually polybagged.

2mm ACRYLIC FRAMES

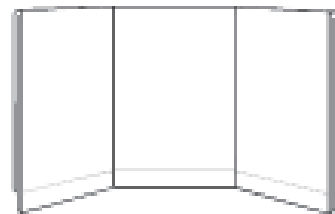

These modern frames let the picture do the decorating and will perk up any room. Features lightweight, clear acrylic with no borders, making it perfect for any photo.

3mm DELUXE ACRYLIC FRAMES

Thicker & heavier than the 2mm, this is the ultimate bent acrylic for favorite prints.

Scrapbooking Pens & Markers

We have selected the best-selling top-quality pens & markers in the "Memories" business.

Red-Out® Red-Eye Eliminator Pen

All you do is gently touch the red-eye area with the tip of the pen to create a cluster of dots and soon the red-eye fades to let the natural color show through.

It will not nick, scratch, or scrape the delicate surface of valuable photographs.

Red Eye Dots

Removable - You Can Correct Mistakes!
Will Not Damage Photos! Will Not Fade, Smudge or Stain!

Red Eye Dots are various size dots of ink printed on a clear Mylar sheet. Simply position the appropriate size dot over the red eye and gently rub the back of the dot with a pencil to transfer the dot to the surface of the photo. If the position or size of the dot is incorrect, you can lift it off easily with scotch tape and apply a new dot. This can be done again and again with no damage to the photograph.
